Who's always there for you
A helpful guardian angel
Forever kind and true*

When you're down and stuck in pain
An angel to hold you tight
When you're walking in the pouring rain*

Sometimes you
 hear it, feel it,
 touch it, breathe it
 although you might not see
 you can
 trust it, breathe it,
 love it, believe it,
 give it at least a try
 Spread your wings and fly
 let your angel guide you
 straight into the light
